

Activity	Who could be affected?	Hazard	Risk (low, medium, high)	Actions already taken to reduce risk	Further actions recommended/comments
Accessing Big Woods	Students, staff and visitors	Accessing neighbours land	Low	CoRE have permissive access from the neighbouring farm to pass across their field approx. 200m to use the big woods.	
		Public access/ footpaths	Low	There are no public rights of access across CoRE's land or the neighbouring farmland therefore no public should access the site at any time	Any members of public that do access the site without permissions will be immediately asked to leave the site by staff and escorted to an appropriate exit avoiding contact with students.
		Walkie-talkie reception	Medium	Staff are required to check in using their walkie-talkies to ensure they are still within range if they are walking with students/visitors in the big woods. As soon as the limit on reception is reached, the staff with their student/visitor must return to areas within walkie-talkie range.	All staff must be able to communicate using the walkie-talkie system at all times.
		Animals and Wildlife	Low	Staff are to dynamically access the risk of the animals in the field between CoRE's main site and the big woods and whether it is safe to cross. Staff must assess the	All staff must check with A Green or R Green before passing through the field if cows are present.

			situation in the woods with regard to wildlife and the potential risk to students. Animals and wildlife are not to be intentionally disturbed by students.
