

Machinery/ Equipment	Who could be affected?	Hazard	Risk (low, medium, high)	Actions already taken to reduce risk	Further actions recommended/comments
Bicycles	Students, staff and visitors	Injury	Medium	Bicycles are always used by students under supervision of staff and are not permitted to ride outside of the supervising member of staff's field of vision. Students must wear a helmet and be competent riding a bike without stabilisers over rough terrain.	
		Vibration	Medium	To avoid vibration related stress and strain to musculoskeletal structures the riding bicycles over rough terrain should not be done for extended periods of time.	
Pedal go kart	Students, staff and visitors	Injury	Medium	The go kart is always used by students under supervision of staff and are not permitted to ride outside of the supervising member of staff's field of vision. Students must wear a helmet and be competent using the go kart over rough terrain.	
		Vibration	Medium	To avoid vibration related stress and strain to musculoskeletal structures the use of the go kart over rough terrain should not be done for extended periods of time.
